W: May I help you, sir?

W: How about this model? It's perfect for boys his age.

M: I don't think he's ready to ride a bike with only two wheels.

W: Then I'd recommend this model which comes with training wheels.  
These can be easily removed after he's gotten used to riding a bike.

M: Sounds good. Hmm.... Do you have any that come with a basket?

W: What do you think about this one with a basket attached to the  
handlebars?

M: It's great, but do you have the same model with a horn?

W: Yes. Is this what you're looking for?

M: That's exactly what I want. I'll take it.

W: I'm calling to check on the order that I placed two weeks ago.

M: May I have your name, please?

W: Lucy Hopkins.

M: Yes, Ms. Hopkins.... Can you wait a moment while I pull up your records?

W: Wait? It seems that's all I've been doing lately. I was supposed to receive my books a week ago.

M: Oh, I'm terribly sorry. Let me check.... It looks like your books will arrive within the next seven days.

W: Seven days? So I have to wait for another week? Cancel my order. I'm going to find another bookstore.

M: But I guarantee your order will be delivered in a week.

W: Just forget it!

3. 다음을 듣고, 남자가 하는 말의 주제로 가장 적절한 것을 고르시오.

M: Last class, we talked about the possible link between blood type and personality. Today, we have another very interesting topic to discuss. Do you have a favorite position that you go to sleep in? Well, a British study has shown that there may be a relationship between sleeping position and personality. For example, if you like to curl up to your side, you're often shy and sensitive. If you lie straight on your side like a 'log,' that means you're generally easygoing and social. A person who lies on his back with the arms stuck to his side like a 'soldier' is usually quite reserved. Which one are you?

M: Let's see.... No one has turned in anything yet.

W: I really need to find my phone because all my contacts are stored in it.

M: Well, since your bus arrived half an hour ago, it should be on its way to the car wash.

W: Alright. That model is \$ 150. Which color would you like?

M: I'd like the black one, please. And I'd also like to order a scanner. The model number is SCN-2000.

M: Really? How did you get rid of those useless ads?

W: Well, I installed an ad blocking program. It virtually stops all pop-ups.

M: Can you tell me the name of the program? I'd like to use it, too.

M: Of course. It's just that I was in an awful hurry to get to the bank before they closed.

W: I understand you were in a hurry, but you could end up in the hospital instead of the bank.

M: You're absolutely right.

W: I'll let you go with a warning this time. But if this happens again, I'll have to give you a ticket.

M: I promise it won't happen again.

W: An electronic dictionary. They're having a huge sale this week.
